

Synset	a set of synonyms to represent word senses
Synonymy	(same-name) a symmetric relation between word forms
Antonymy	(opposing-name) a symmetric relation between word forms
Hyponymy	(sub-name) a transitive relation between synsets
Hypernymy	(super-name) inverse of hyponymy
Meronymy	(part-name) complex semantic relation
Holonymy	(whole-name) inverse of meronymy
Troponymy	(manner-name) is for verbs what hyponymy is for nouns
